

Summer Enrichment Camp 2009

About Children of Promise:

Children of Promise is an organization that focuses on strengthening the “roots” of society’s future . . . our children. We believe that we can change the world by impacting one heart and one mind at a time.

Our summer enrichment program focuses on the development of the whole child. We offer a variety of fun activities, exposure to creative and performing arts, community service opportunities and academic enrichment in math, reading, and science. Your child will receive individual attention and tender loving care from our dedicated staff.

We strongly believe the children and youth of our society are the hope of its future and deep within each one lies a **PROMISE**.
