Session 1: May 29th-June 1st—Introducing

A preview of the things to come in the upcoming weeks: cooking, dancing, acting, creative writing, sports, etc. You name it; your children will be doing it and so much more.

Session 2: June 4th-June 8th—Come Play in the Dirt Again

It's all about nature, plants, survival in the wilderness, and of course just good clean dirty fun. One of the most wonderful times of the year is back ending with Camp out Day! There'll be hot dogs for roasting, marshmallows for toasting, singing in tents with lanterns ago. There'll be telling neat stories and tales of the glories of camp adventures long, long ago. So join us this week for s'more fun.

Session 3: June 11th-June 15th—Under the Boardwalk Week

An experience so real, it's like taking a week-long vacation at the beach. From funnel cake and salt water taffy to boardwalk games, your kids will send you "postcards" from the beach. And get this: on Friday, join us for our carnival where your child can bring a buddy for a nominal fee.

Session 4: June 18th-22nd—Big City Heroes- The Ultimate Adventure

"It was a summer like any other but this was about to change!" For on the horizon flew agents of change. Let's see how it all ends as we celebrate our heroes, become heroes ourselves and journey to overcome the evils of hunger, adversity, and poverty.

Session 5: June 25th-June 29th—Time Travelers

From past to present history seems to repeat itself. We've seen the return of leg warmers, bell bottoms and platform shoes. What will be next? In case you haven't guessed, we're celebrating the 50's through the 90's. We'll hula hoop, jive, stroll, pop lock and vogue our way through this week. This is about as close as it gets to time travel for now.

Session 6: July 2nd- July 6th—Hobby Lobby Week

Does your child have a hobby? Does he or she like to crochet or sew? Or does he or she dream of dancing with Alvin Ailey or painting like Picasso? Whether he or she has found his or her creative niche or not, your children will be exposed to and explore several different hobbies this week!

*July 4th, Independence Day - Camp Closed

Session 7: July 9th-July 13th—Ridin' the Range

Davey Crockett, Bonnie & Clyde, and Wyatt Earp may have thought they had a lot of fun in the west. But, we're kicking the west up a notch as we explore just what it was like in the old west – with a couple of twists. So get ready for a foot stomping, roping good time as we conclude our week with a good ole' fashioned ho down.

Session 8: July 16th- July 20th—Praises from every Nation

Grab your passport and get ready to experience the foods, games, sights and sounds of a different country each day. Always wanted to learn how to make sushi? Or speak a different language? Well, at the end of this week your children may be able to do just that. We top off the week with the ultimate culinary passport: our International Potluck Luncheon.

Session 9: July 23rd- July 27th—The Incredible Race

Have you ever thought of what it would be like to combine The X Games, The Indy 500 and the Olympics in one week? We have! There will be relay races, obstacle courses, remote controlled car racing and messy water fun. Complete with awesome workouts, intellectual and athletic competition, and medal ceremony this week is sure to win the gold.

Session 10: July 30th –August 3rd—The Great Science Probe

Why does a cork float while a rock sinks? How do I fly a kite? How are recipes created? These questions and more will be answered as we explore the science of cooking, the art of flight, the planets & more. We'll have neat experiments, awesome water fun & back better than ever – our Iron Chef competition. This week is all about the creative, hands-on fun of science. So join in on the fun!

Session 11: Aug 6th – Aug 10th—Graduate to the Great

We're ending the summer with a bang. From friendship bracelets to pencil holders and back to school projects, to our back to school party, we'll jam and rock into the school year with friends, food, fun and festivities. The price of admission to Friday's bash: school supplies and backpacks for needy children. We've grown in our character – learned to embrace other cultures, love our neighbor and solve problems, so let's go back to school where our preparation will lead to greatness.
